INTERNATIONAL PI DAY – WEDNESDAY 14 MARCH 2018

Pi Memorising Competition

3.14159265358979323...

Dear students, parents and carers

To celebrate International Pi Day this year, Giralang Primary School will be holding a Pi Memorising Competition. To enter, students must memorise as many of the infinite number of pi digits as they can. There will be prizes for the most digits memorised for each class as well as certificates for all students who memorise at least the first 10 digits.

On the back of this letter you will find a flyer for a community competition being held at Dickson College that students are also welcome to attend.

Here's the first 999 digits of pi to get you started:
